

I listen to K-LOVE on FM 88.9, 89.5, 89.7, 91.9, and 103.1 every day as I commute more than 50 miles to work. K-LOVE serves all of my "communities" along the way very well with exceptional programming and me, my family, my friends, and my co-workers love listening to their broadcasts. Without K-LOVE broadcasting in these areas, there would be a substantial hole left that no other radio station could possibly begin to fill. K-LOVE is incredibly unique and provides a much-needed service to the communities. I believe it's in the public's best interest to make sure that the service K-LOVE provides is not interrupted by anything, and in particular by the possibility of LPFM stations. Thank you for your attention to this matter.
